Georgia Department of Transportation

Public Notice of Advertisement (PNA) to Issue a Request for Qualifications (RFQ)

The purpose of the PNA is to inform the Consultant community of the upcoming RFQ opportunity. Full scope of work, instructions and requirements for the upcoming RFQ are to be posted as indicated below in the anticipated schedule*. No questions or submittals are due during the PNA.

GEORGIA DEPARTMENT OF TRANSPORTATION

Reference #: PNA 484-122126

GDOT reserves the right to modify all information provided in this PNA in the forthcoming RFQ at its sole discretion:

Project Description:

Intermodal Transit on Call Contract

Summary of Scope of Work:

The successful proposer must provide professional services to assist the state in providing efficient and effective oversight in compliance with federal and state laws and regulations. The selected firm may assist the Department by working with transit staff and subrecipients at all levels of the program, including but not limited to: the development of grants and budgets; monitoring grants provided to subrecipients; and providing assistance in such areas as the rules, regulations, and laws related to state and federal transit programs, best practices, and project management, including transit construction projects, capital acquisition projects, projects to provide financial operating assistance, and design of transit construction projects. The Department may require from time to time that members of the Consultant's team conduct work on this contract in our office located at 600 West Peachtree St., Atlanta, GA 30303. The Consultant's team members may be required to work in an extension of staff capacity to assist the Department in the timely delivery of the Transit Program's responsibilities.

The firm may be required to assist the Department in updating its State Management Plan and other Standard Operating Procedures for administering Federal Transit Administration (FTA) 5311, 5307, 5303, 5304, and 5339 programs, as well as state-funded programs. The firm may also be required to assist with annual National Transit Database reporting, data management systems, and other program support. In addition, the firm may be tasked with developing plans, guides, presentations, and/or training for the Department, and providing technical assistance related to the Statewide Transit Program.
