The following are questions and answers to the RFP #502-26 On-Call Geotechnical Services

1. **QUESTION:** How many consultants does Dawson County anticipate awarding contract to under RFP #502-26?

   ANSWER: The County reserves the right to award the contract to multiple firms. There is not an anticipated number of awards.

2. **QUESTION:** Who currently holds the existing contract for on-call geotechnical services with Dawson County?

   ANSWER: There is no current contract.

3. **QUESTION:** What has been the approximate annual expenditure under the County's current or most recent on-call geotechnical services contract?

   ANSWER: There is no current contract.

4. **QUESTION:** If multiple consultants are selected, how does Dawson County anticipate assigning work among the selected firms?

   ANSWER: The work would be divided as evenly as possible. Tasks would be assigned based off of availability, strengths/focuses of the individual firms, and pricing.

5. **QUESTION:** Does the County have an estimate of the number of work authorizations/projects anticipated annually under this contract, and can the County provide examples of the types of projects anticipated during the initial contract term?

   ANSWER: No, the number of projects will change per year based on available funding sources. The initial contract term would mainly consist of road projects.

6. **QUESTION:** Please clarify whether subcontractor information and subcontractor affidavits are required with the proposal, or only upon award/when a subcontractor is retained.

   ANSWER: If there are known subcontractors, submit the affidavits with the proposal. Otherwise, they can be submitted upon retainage for specific projects.

7. **QUESTION:** Please confirm whether there is a page limit for the proposal and, if so, identify which sections or required forms are excluded from the page count.

   ANSWER: There is no page limit. However, please see the note under Submittal Documents on page 9 of the RFP.

8. **QUESTION:** The Price Proposal Form states that all costs are to be included in the listed line items, while Section 4 permits additional pricing information not reflected on the form. May proposers include additional unit rates for services necessary to perform the full Scope of Services but not specifically listed on the Price Proposal Form.

   ANSWER: Yes.

9. **QUESTION:** Are there specific certifications required for the State Road projects?

   ANSWER: For projects on state routes, all firms and laboratories must be prequalified by GDOT.
