Formal Bid Proposal

1. Introduction

The City of Douglas, Georgia, is soliciting sealed bids from qualified vendors for the purchase and delivery of two (2) reels of 795 Drake ACSR (Aluminum Conductor Steel-Reinforced) wire. All materials shall comply with the specifications outlined below.

2. Complete Wire Specifications

- Conductor Designation: 795 Drake ACSR
- Conductor Type: Aluminum Conductor Steel-Reinforced (ACSR)
- Quantity: Two (2) reels
- Length per Reel: 6,940 feet
- Total Length Required: 13,880 feet
- Stranding Configuration: 26/7 (26 aluminum strands and 7 steel strands)
- Ampacity: 907 amps
- Country of Manufacture: United States-manufactured wire preferred; approved equal products may be considered.
- Product Condition: New, unused wire.
- Reel Requirements: Each reel shall contain 6,940 continuous feet of wire, properly wound and secured for shipment and handling.
- Product Documentation: The bidder shall identify the manufacturer and provide applicable technical data sheets and specifications confirming compliance.
- Approved Equal: Any proposed equal must meet or exceed the specified requirements and receive approval from the City of Douglas before award.

3. Bid Pricing

Bidders shall provide a unit price per reel and the total price for both reels. Pricing shall include all applicable costs for the wire, reels, packaging, freight, shipping, and delivery to the designated City of Douglas location.

Item	Description	Price per Reel	Total Price
1	795 Drake ACSR Wire, 6,940 feet per reel, 26/7 stranding	$_____	$_____

4. Delivery Lead Time

The bidder shall specify the estimated delivery lead time from receipt of the purchase order.

Estimated Lead Time: _____

Delivery lead time shall be stated in calendar days or weeks. Bidders shall disclose any anticipated delays, product availability limitations, or shipping restrictions that may affect delivery.

5. Delivery Location and Requirements

Delivery Location: City of Douglas Warehouse, 123 W. Cherry Street, Douglas, GA

Warehouse Hours of Operation: Monday through Friday, 8:00 AM–12:00 PM and 1:00 PM–5:00 PM.

1. The successful bidder shall deliver two (2) reels of 795 Drake ACSR wire, each containing 6,940 feet, to the City of Douglas Warehouse.
2. All deliveries must be made during normal operating hours: 8:00 AM–12:00 PM or 1:00 PM–5:00 PM. No deliveries between 12:00 PM and 1:00 PM.
3. Quoted pricing must include all freight, shipping, handling, packaging, and delivery charges.
4. Bidder shall state delivery lead time in calendar days from purchase order issuance.
5. Successful bidder must coordinate delivery time and date with the City of Douglas.
6. Delivery shall be completed by the City-specified deadline; bidders must provide delivery lead time.
7. Wire must arrive new, unused, properly packaged, and secured on reels suitable for transport and unloading.

Bidder's Proposed Delivery Lead Time: _____

Bidder Confirms Delivery Requirements: Yes ____ No ____

NOTE: The price per reel SHALL include all delivery, freight, handling, and shipping costs.
